

# Discussion Forum Disciplines

- **Integrity** (Use your true voice, not “parroting” without thought. Research your views before you speak. Ask good questions.)
- **Courtesy** (Respect others and the forum.)
- **Inclusion** (Increase, rather than narrow, participation in a thread. For example, explain new terms for all to comprehend.)
- **Translation** (Summarize and use the insights shared and generated, and help others with their summarizations.)
